		Good hill to sort out fields - great facilities				Tight course and difficult terrain. Had to get out fast or be boxed in on narrow course		Hilly, tough but fair course. Quite heavy going		Flat course and dry - fast pace		Dry and hilly with winds - horrible start		Very wet on the day and challenging course		Great course with plenty of hills/adverse camber. Dry		Flat, dry course		Very wet course with some tough hills		Dry course windy day made it tough		Very tough hill and became very boggy in places		Great course demanding and dry		Flat and short course - not ideal but infrastructure excellent		Freezing conditions and some very boggy sections. Mentally demanding		Same tough course as 2018 but drier
